Andrew made this statement:

I would also like to take this opportunity to remind ourselves of the challenge we made when this committee convened - to each run a great scenario day at some time during the year. In my view the only personally who can honestly hold there hand up and say they did this (so far the years not over) is Rob. We are getting into a bad habit of running NOMAD and Induction and to hell with anything for the general club members as many of us priortise NOMAD and forgo all else. We really need to think is this appropriate and challenge ourselves to redress this!

We are now seeing as many NON ASA games advertised on our forums as ASA games and I think this is a poor reflection on us and it needs redressing.

It was agreed by others that we all need to stay on top of this comitment but personal lives often created a major distraction.

5. Committee Position

As we all know Robert (Cordy) has officially stepped down from the committee sighting personal reasons. Andrew took this opportunity to formally thank him for his contribution to the club - it has been most helpful.

The committee discussed what we do with the vacant spot. Either run at a diminished capacity or appoint someone to this position. It was agreed by all to appoint someone. Key things looked at were NON NOMAD players who attended a reasonable number of games. Bane is a potential candidate and was welcomed by all.

6. 2012 ASNZ airsoft Nationals

We have successfully won this event and have since done little else. Therefore here is a reminder of what people are responsible for:

A) Games

- a. Full day scenario (Andrew to organise) Day 2
- b. Casual day (Khantanh to organise) Day 1
- c. Wind-down / mixed / multiple fields and possible CQB (Oliver plus others) Day 3

B) Accommodation

Khantanh to investigate

C) Sponsorship

Andrew is sorting - have spoken to ASGC and we may be able to get 250 free bags of ammo. He will continue exploring

In addition to sorting these things we need to think about how we can best make this event a success. Therefore Andrew will be completing a budget so we can make informed decisions about the cost and we need to sort the ASA work day on the field. Andrew would like to see this happen in the next 6 weeks. We can consider bribing people to do this offering them the ASA trial day free of charge if they help out.

Also when we run the ASA trial day at the new field we should seriously consider inviting WAR as not only does this help cover our costs it will also give us good experience as to how well the field handles the numbers.

Andrew has asked for a full draft of the event within the next 6 weeks.

7. Next Meeting

Next meeting is September. Date and Location TBA
